Air Liquide to exhibit hydrogen energy solutions and STEM activities at San Francisco Fleet Week

Air Liquide Advanced Technologies U.S., LLC (“Air Liquide”) will exhibit hydrogen energy solutions for the hydrogen generation, storage and transportation industry at San Francisco Fleet Week 2018 October 5-7, on the Marina Green in San Francisco, CA.

Visit Air Liquide in the Humanitarian Assistance Village on the Marina Green to learn how Air Liquide is supplying and developing the market for hydrogen mobility. Air Liquide is contributing to the growing use of hydrogen in the transport sector by supporting the creation of the necessary hydrogen fueling station network at a global scale. Today, 100 hydrogen stations have been designed and built by Air Liquide. Air Liquide is committed to providing solutions to decarbonize transportation sector through the development of hydrogen mobility.

Attendees will have the opportunity to learn more about hydrogen energy at the Air Liquide booth where experts will be available to explain the growing industry alongside Toyota Motor Sales USA, Inc. The pair will offer STEM activities to provide a better understanding of hydrogen and a first-hand look at Toyota’s hydrogen fuel cell vehicle, the Mirai.
